WHAT WE DO?

- ✚ Mostly we engage with students who exhibit interests and talents in photography, filming, and journalism. Students are allowed to develop their skills through training programs, workshops such as designing, video editing, exhibitions, and competitions.
- ✚ SENTIERO is currently the only main media organization in the faculty that actively covers up every event, organized by the societies of Faculty of Agriculture.
- ✚ As a prominent media unit in the university, we have understood the necessity of serving, not only to the agriculture field, but also to so many various fields in the country.
- ✚ We have offered media partnership for the workshops such as “SWASHAKTHI” and “Smart Agri Tech” which are organized by the societies in the faculty.
- ✚ As the media society of the Faculty of Agriculture, we have covered several events in the past few years. “*Ralibimen sama bimata*” educational programme, “*Vihangasara*” competition, Annual cricket match are some of the memorable events we have engaged so far.

WHAT WE HAVE DONE SO FAR..

- ✚ We have published an article series on SENTIERO official face book page, to enhance the agriculture knowledge of the community.
- ✚ We organized, 'Videsa' Awareness session targeting 2019/2020 GCE A/L students in 2021 to enhance their knowledge about some undergraduate degree programs.
- ✚ Designing is one of the most valuable skills that someone could have. It also helps to improve your creativity. We organized a workshop series to bring out the hidden creative designer within undergraduates through this.

INTRODUCTION TO 'LINKEDINARO -2021'

'LinkedInaro – 2021', which will be held on the 4th of September is a one-day event organized by SENTIERO, the Media Unit of Faculty of Agriculture, University of Peradeniya. LinkedIn is the most important social media platform for young undergraduates who tries to grab the opportunities and attention of industry professionals. Having a strong LinkedIn profile is a plus point for them in their future careers.

'LinkedInaro – 2021', is an awareness webinar that will be conducted by professionals who are specialized in that field in order to improve the knowledge of young undergraduates about LinkedIn.

ENTREPRENEURS | CONNECTING GLOBAL YOUNG
ENTREPRENEUR TOGETHER TO GROW

OBJECTIVES

- ✚ After this workshop we believe, undergraduates will be able to summarize their professional experience to their future employers and recruiters
- ✚ Further, we believe that they could showcase their professional life, milestones, skills, and interests.
- ✚ This workshop will also immensely help island-wide undergraduates to get an acknowledgment on the importance of having a LinkedIn account
- ✚ In addition, acknowledging to build a strong network of professional contacts and to allow companies to find with ease.
